Sir:

AMENDMENT

In response to the Office Action mailed on February 13, 1997, please amend the
above-captioned application as follows:

In The Claims

2. (Twice Amended) A method of communicating information at a
multimedia receiver station, said receiver station [comprising] including [one or more]
at least one receiver[s] for receiving signals, a computer operatively connected to said at
least one [or more] receiver[s] for processing and communicating information, and a
plurality of output devices, with each output device operatively connected to said at
least one [or more] receiver[s] or said computer for outputting information to a
subscriber, said method comprising the steps of:
